**SMART**  
MAINTENANCE

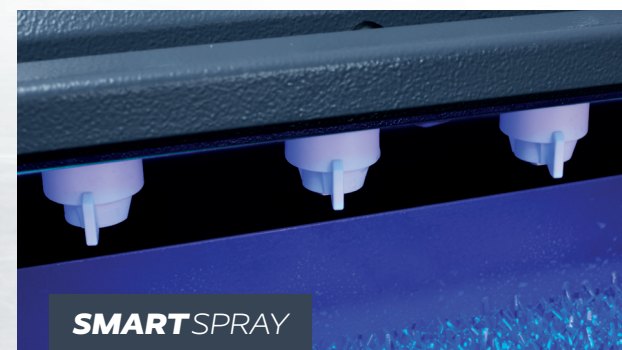

**Modern design.**  
**Ease of use.**

- + Comfortable large 7-inch touchscreen.
- + Intuitive user interface design.
- + Innovative touch free button for contactless control.
- + 3-color LED lamp shows status of the machine.
- + Improved design: Easy to operate and clean.

**Quality and Consistency.**

- + Consistently good spray results for brilliant colors, sharp details and excellent washability.
- + Improved pump technology for constant pump pressure performance.
- + Improved motor control for almost noiseless operation.
- + More custom spray presets available.
- + Precision spray: Adjust the spray area even finer.

**Save pretreat.**  
**Minimize costs.**

- + **Standard Mode:** Adjust the spray amount with speed and direction only.
- + **Auto Mode:** Calibrated Smart Spray Mode where the spray amount is automatically adjusted to the selected spray area.
- + Use the Auto Smart Spray mode to always spray the optimum amount for best printing results.

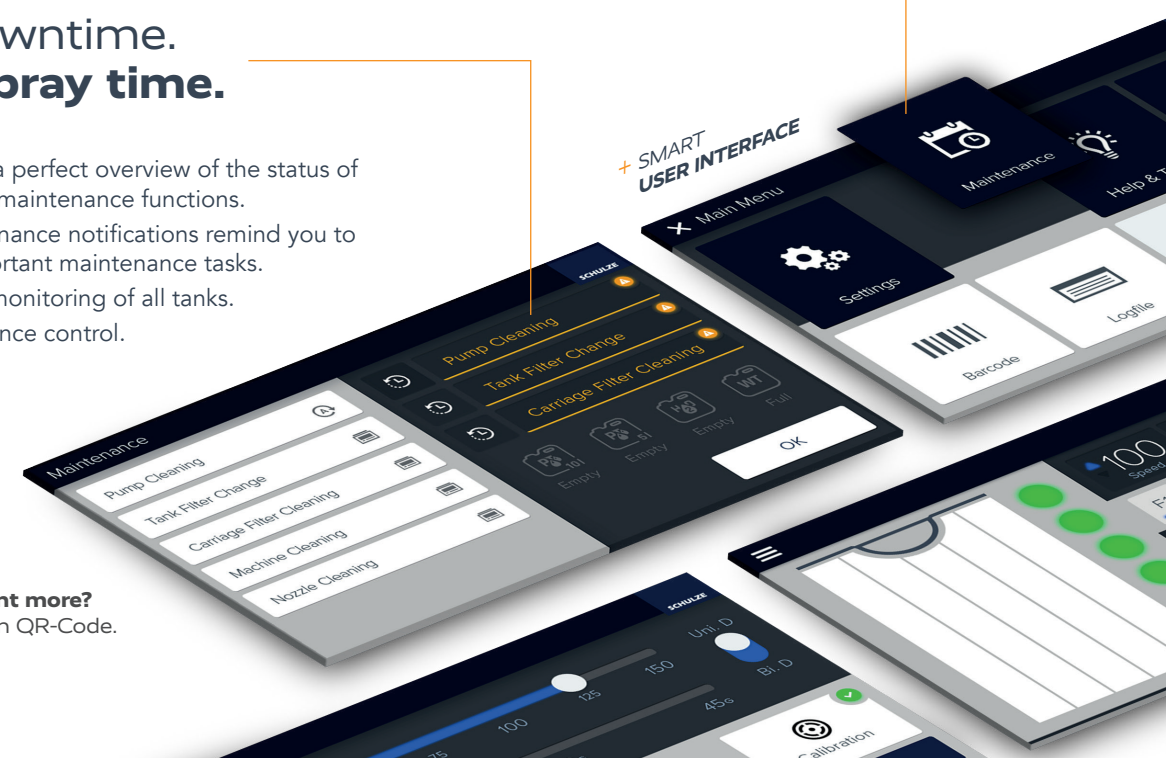

**Automated Workflow.**

- + Auto start up and shut down routine with nozzle check.
- + Scan-to-Spray barcode feature.
- + Barcode generator to simplify your workflow.
- + Improved automated pump cleaning.

**Less downtime.**  
**More spray time.**

- + Always have a perfect overview of the status of all important maintenance functions.
- + Smart maintenance notifications remind you to perform important maintenance tasks.
- + Digital level monitoring of all tanks.
- + Full maintenance control.
